VOL. 56 — No. 47

The Sea Coast Echo

HANCOCK COUNTY
"Extending Hospitality
and
Offering Opportunity"

Observations... From Around Town

(BY JAY WHOZIT)

Bay St. Louis will need a sound business administration during the next four years... many problems of refinancing and reconstruction will be facing us—in order to put the job over we will have to have municipal officers who have the courage of their convictions—and who will afford leadership—who will know how and when to say yes or no—men who have had a successful business career and who would treat City business the same as they would their own—we have to rebuild our beach front and this must not be delayed—dame rumor has it that in the event the form of government is changed from commission to aldermanic we will have an outstanding citizen as a candidate for Mayor—one who has been highly successful in his chosen profession. Men of this type could not become candidates nor serve in public office when the law requires them to give full time to their official duties.

This is food for thought and may result in an outstanding City administration, if action is taken to see what the attitude of the people of Bay St. Louis is in the matter... Mississippi once again had full representation in the U. S. Congress, when on Monday, November 17th, Judge John C. Stennis took the oath that made him the junior Senator of Mississippi... our sincere best wishes to Senator Stennis for a successful tenure of office... a small crime wave seems to have descended on our town—last weekend several stores were robbed of merchandise and considerable cash, and on Tuesday night of this week a man's automobile was stolen from in front of his home... the more we ride over the highway bridge over the Bay of St. Louis the more we realize the need of a new and more substantial bridge to replace the present one, which since the recent storm is in even worse condition than it was before.

Congressman Bill Colmer has presented a bill to Congress asking for \$10,000,000 for emergency relief for the counties of Hancock, Harrison, and Jackson, well, this is certainly a move in the right direction, because this Coast Section was really hard hit and it will take a lot of financial assistance to restore it to its former state... Mayor Blaize has a notice in his issue calling attention to an existing City ordinance which makes it unlawful to discharge fireworks anywhere within the city limits, also vendors of these fireworks are notified that they must procure a privilege tax license, which incidentally costs \$100.00, before they can lawfully sell them... parents should heed these warnings, because nearly every year around this time many children are hurt, some permanently, because of playing with fireworks... St. Stanislaus will celebrate Dads' Day and Homecoming this Sunday, November 23rd, at noon, and football game in the afternoon, with Catholic High of Baton Rouge, as their opponents, and winding up that night with a Homecoming Dance at the college gym... by the way, Mr. Mayor, two months have passed since the storm and the beach side of Front Street is still littered in some places in the business section with debris, can't you get the property owners to remove this, thereby giving more parking space for automobiles?... state tax collections for the year 1947, so far, have surpassed any full year in the State's history, already nearing the forty million mark... four members of the Stanislaus Band have been chosen to participate in the State Band Clinic, sponsored by the State Band Masters' Association, to be held at University of Mississippi, December 11-13, they are Joseph Fasold, Norbert Carnovale, Norman Carnovale, and Dominick White.

Attending the Twenty-Sixth Annual banquet for the New Orleans Area Council, Boy Scouts of America, in the Tulane Room, Jung Hotel, New Orleans, on Thursday, November 13 were Colonel Dayton Robinson and Jack Kohl of Pass Christian, Monsignor A. J. Gmelch, Alden Mauffray and Octave Delph of Bay St. Louis, representing the Bay-Pass District.

Great stress is being laid on scouting as a character builder for boys and on the importance of adults volunteering for leaders in this great work.

Among the many outstanding services being rendered by Boy Scouts are town and city cleanup campaigns, and untiring assistance in such disasters as the one recently felt in our own city and county and their great ability in learning by doing.

Now is the time for boys to join some branch of scouting.

lounge room at the school.

The purpose of the meeting was to discuss and make final arrangements for Homecoming Day on Sunday, November 23rd.

It was decided at the meeting that there should be a pep meeting to be held on the campus at 7:30 P. M. Saturday evening, by the students of Stanislaus and St. Joseph and the Sideliners.

Heretofore with the close of the football season the sidelines club became dormant, and it was decided at the meeting that the club should be active the year around and that monthly meetings would be held throughout the year.

Stainers were reminded that their sideline club tickets entitles them to all of the homecoming events including the barbecue.

St. Stanislaus Sidelines Club To Have Pep Meeting Saturday 7:30 P. M.

The St. Stanislaus Sidelines Club will have a pep meeting on Saturday evening, November 22, at 7:30 P. M. on the campus.

Homecoming Celebration At St. Stanislaus Sunday, November 23

Many Old Graduates, Parents and Friends Will Be On Hand. Mass Will Be Celebrated in Chapel at 10 A. M. Parade Will Start at 1:45 Followed By Football Game

St. Stanislaus will celebrate, Sunday, the first Homecoming in a big way since before the War. Plans are on foot to make this one of the largest celebrations the College has had in years.

Many of the alumni have already signified their intention of attending the celebration. In addition to the Alumni, there will be many parents and friends of the Student Body on hand. Preparations are going forward to take care of at least one thousand visitors at the College.

Rev. Sherman Cobb, O. S. B. of St. Benedict, Louisiana, and an alumnus of St. Stanislaus will celebrate Mass for the convenience of Alumni and Visitors in the College Chapel at 10 o'clock.

The Alumni get-together will take place at 11 o'clock in the Big Study Hall. Various class reunions will take place before the noon hour.

A barbecue lunch will be served the visitors on tables set up on the Campus. This lunch dates back to the first Homecoming celebration at St. Stanislaus.

At 1:45 p. m., a parade will be held from the campus to the Stanislaus Stadium where appropriate ceremonies will enthrone the Homecoming queen, Miss Thelma Namais, and her Maids, Misses Patsy Gex, Clyde Creighton, Geri Martin and Rita Mae Scalfie.

MISSISSIPPI COAST COUNCIL MEETS

The Mississippi Coast Council met at the Town House at Gulfport, on Wednesday evening, November 19th. Invitations for this meeting were issued to all of the Mayors of the Coast Cities, Members of the Board of Supervisors, Representatives and Senators elect of the Coast Counties.

At this meeting suggestions were asked for by council that would benefit the coast. The meeting was advised that plans were being made for a new bridge across the Bay of St. Louis, and that suggestions were being offered to the Highway Department for the construction of a highway paralleling the beach road north of Railroad from the Louisiana line to the Alabama line.

Those in attendance from Bay St. Louis were Lamar Otis, Vice President of the Hancock County Chamber of Commerce, Ted Reboul, Secretary, Ted Robin, Octave Delph, Ed. P. Ortte and Cornelius Ladner.

ATTEND ANNUAL SCOUT AREA BANQUET

Attending the Twenty-Sixth Annual banquet for the New Orleans Area Council, Boy Scouts of America, in the Tulane Room, Jung Hotel, New Orleans, on Thursday, November 13 were Colonel Dayton Robinson and Jack Kohl of Pass Christian, Monsignor A. J. Gmelch, Alden Mauffray and Octave Delph of Bay St. Louis, representing the Bay-Pass District.

Great stress is being laid on scouting as a character builder for boys and on the importance of adults volunteering for leaders in this great work.

Among the many outstanding services being rendered by Boy Scouts are town and city cleanup campaigns, and untiring assistance in such disasters as the one recently felt in our own city and county and their great ability in learning by doing.

Now is the time for boys to join some branch of scouting.

Stainers were reminded that their sideline club tickets entitles them to all of the homecoming events including the barbecue.

RED CROSS DISASTER RELIEF

Exactly two months after the hurricane of September 19th, the Red Cross Relief Staff is continuing to process applications of those storm sufferers who find it difficult to rehabilitate themselves without assistance. Much progress is being made however, according to local officials and many families have already advised of awards made to them as a result of casework investigation and are purchasing household furnishings and materials with which to rebuild homes.

It should be borne in mind, that Red Cross Aid is given on the basis of the need of individual families rather than extent of loss. It should not be confused with insurance where adjustment is made regardless of the financial condition of the family.

Brother Peter Spoke Before Catholic Co-Op Clubs

Brother Peter, S. C., President of St. Stanislaus spoke before the Council of Catholic School Cooperative Clubs last Wednesday afternoon at their seventh annual luncheon at the Roosevelt Hotel, and he scored armchair psychologist and new fangled theorists. Brother Peter said that he had never seen a boy, who did not need correction at some time.

He emphasized that American boys are predominately fairminded and do not resent discipline. "Only fairness" stated Brother Peter, "will of course break down his confidence in the parent or person who administers unjust treatment."

"Hand in hand with correction should go encouragement and appreciation, and the feeling that when he makes a touchdown, he wishes to share it with his parents" he told his audience.

He also called upon the parents to set a good example by taking their children to Holy Communion instead of sending them, and to revive home life so that it is not an interlude between classes for the children but a place where each child has an interest.

Music Pupils of St. Joseph To Give Recital

Music turns events into an occasion. Parties are gay when augmented with an orchestra. State affairs become more solemn with the addition of martial music. All of us enjoy pretty music.

Such being the case we all consider even the music of little ones charming.

Among the forthcoming events looked upon with much interest is the annual recital to be presented in the S. J. A. Memorial Hall by the music pupils of St. Joseph Academy.

It is scheduled for 8:00 p. m. Friday, November 21. Parents and friends are cordially invited to attend.

Pipe Organ Installed In Church

The new Wick's, two manual pipe organ especially designed for Our Lady of the Gulf Catholic Church has been installed and was used for the first time on Sunday, September 14, the Sunday preceding the storm.

The organ is of a golden oak finish and of suitable design to conform with the architecture of the church. Ornamental pipes form part of the choir loft and the organ pipes are housed behind the grill work.

The blower is in the north tower of the church.

Mrs. George Gilmont is organist and has a strong, well trained, faithful choir.

Pastor Asks That Showing Of Picture "Forever Amber" Be Not Patronized

Right Reverend Andrew J. Gmelch, Pastor of the Church of Our Lady of the Gulf is requesting his parishioners to refrain from patronizing the showing of the picture "Forever Amber" which is to be exhibited shortly in one of the local theatres.

He says that it is definitely condemned by the church and the League of Decency as immoral and therefore indecent.

LAST RITES HELD FOR FALLEN HERO

First Lt. Herman M. Baxter Is Laid To Rest

Funeral services for First Lieutenant Herman M. Baxter, 24, who was killed in Germany October 16, 1944, were conducted Monday at 2:30 p. m. at Annunciation church, 1221 Mandeville, New Orleans, by the Rev. Francis M. Jan, rector.

Burial was at the Garden of Memories, with Lamana-Panno-Fallo, Inc., 625 N. Rampart, in charge. The body of Lieutenant Baxter was among those of the war dead which was returned recently from the Henri Chapelle cemetery in Belgium.

The son of Mr. and Mrs. J. C. Baxter, Sr., 3431 Touro, New Orleans, Lieutenant Baxter was a native of Jackson, Miss. He graduated from the University of Mississippi in February, 1943, and was commissioned as a second lieutenant in the infantry after attending officers' training school at Fort Benning, Ga.

Lt. Baxter resided in Bay St. Louis with his parents for a number of years, and was a graduate of Bay High School. He has three aunts in Bay St. Louis; Mrs. Leo W. Seal, Mrs. John H. Weston, Mrs. Ella Maybin.

In addition to his parents he is survived by three brothers, Lionel, Baxter, Birmingham, Ala.; J. C. Baxter, Jr., Gulfport, Miss., and Jack Baxter, New Orleans.

FOUR STANISLAUS STUDENTS SELECTED FOR STATE BAND CLINIC

The annual State Band Clinic sponsored by the State Band Masters' Association will be held at University of Mississippi, December 11 to 13, it was announced by Brother Romuald, Band Director of the St. Stanislaus Band and editor of the Mississippi Notes, the official State Music Magazine.

The following names were submitted to the State Committee for selection in the clinic bands: Joseph Fasold, cornet; Norbert Carnovale, Cornet; Jack Drescher, Trombone; Dominick White, Saxophone; Norman Carnovale, Eb Clarinet and Marion Wolfe, Eb Clarinet. The committee selected the following: Joseph Fasold, Norbert Carnovale, Norman Carnovale and Dominick White.

Students for the clinic bands are selected from schools all over the State. Only the best musician students are picked for these bands. There will be two ninety-piece, fully instrumental, concert bands performing during the three days of the clinic.

This is one of the major activities of the year for the State Band Association. The students of these bands devote ten hours a day in extensive rehearsing under the direction of guest conductors. Gerald Prescott, Director of Bands at the University of Minnesota, and Tragott Rhoner, Director of Bands at the University of Northwestern, will direct the clinic bands.

Mr. Mark Hoffman, head of the Music Department at the University of Mississippi, and Paul Page, Director of Bands at the University of Mississippi, are in charge of the clinic. They tell us that nothing has been overlooked in order to make the 1947 band clinic one of the best ever had in the State.

RFC Office To Be Opened On Tuesdays and Thursdays

Mr. J. M. Bass, Examiner for the Reconstruction Finance Corporation, who has maintained an office at the Chamber of Commerce office since the hurricane, has announced that the office in Bay St. Louis, will only be opened on Tuesdays and Thursdays until further notice.

Anyone desiring to transact business on any other day may contact the office at Gulfport.

NOTICE TO PUBLIC

Many complaints have been filed with the Mayor in reference to the unlawful discharge of fire crackers within the City Limits.

Under the ordinances of the City it is unlawful to discharge any Roman candles, Sky Rockets, Crackers or similar fire works in any street or public place in the City.

The Ordinances in reference to unlawful discharge of fire crackers will hereafter be strictly enforced.

The attention of all vendors of fire crackers is hereby called to Section 77 of the Privilege Tax Code providing for a license of \$100.00 for the privilege of selling fire crackers or salutes. All persons selling fireworks without obtaining the privilege license will likewise be prosecuted.

G. Y. BLAIZE, Mayor.

NOVEMBER MEETING CHAMBER COMMERCE THURSDAY, NOV. 13TH.

The newly installed president of the Hancock County Chamber of Commerce, presided at the November meeting held on Thursday of last week with a good attendance. Mr. LeTissier said that he hoped for a good year's work for the organization and said that he had talked with the president of the first C. of C. organized here and that he gave him some tenets which would help in making a good Chamber of Commerce.

One major need for the town and county Mr. LeTissier said is the organization of a volunteer fire company. This he said would include every building, every business with every merchant a member. A volunteer fire company should be far reaching in its membership for people in the rural sections have no protection. He also promoted the erection of electric signs at both entrances to the town. The large sign that was at the Bay St. Louis approach of the traffic bridge and which was a gift from E. M. Brignac, was destroyed in the September hurricane.

Earl Ramond appeared before the group in the interest of a Bowl football game for Bay St. Louis. Mr. Ramond had contacted heads of schools, coaches and much interest had been aroused and the proposal was received with a certain amount of approval.

Johnson Shaw, member Board of Supervisors, asked the cooperation of the organization for increased bus facilities in the county. Mr. Shaw operates a short bus between Sellers and Bay St. Louis and has observed he said that the few who come from the county always make some purchases and he had been studying the possibility of increased bus facilities with a view to bringing greater trade to Bay St. Louis.

All of these suggested projects met with a keen interest and approval but no action was taken.

Increased membership with increased funds is a need of the C. of C. but it is still a fine active organization and citizens should show a more cooperative spirit and give more of their time to building a bigger and greater C. of C. and in this way a bigger and better town and county.

ATTEND MEETING OF PUBLIC WELFARE BOARD

Mrs. C. C. McDonald, of the State Welfare Board, Mrs. Eunice Casanova, director County Welfare office, Mrs. Roy Baxter, Sr., member County Board Public Welfare, represented Hancock County at the second annual meeting of the Harrison County Public Welfare Department held at Gulfport on Thursday, November 13 which was attended by 14 County Board members, welfare agents from Hancock, Harrison, Jackson and Stone Counties.

W. F. Bond, commissioner of the State Department of Public Welfare calls these meetings annually to give the County Welfare Board members a chance to discuss programs of the Welfare Department.

Miss Catherine Guice, director of Field Service and training, opened the meeting and Commissioner Bond addressed the group on the responsibilities of county welfare boards and the current problems and progress of the welfare program.

Reports were presented by representatives from each county and the Board Presidents giving estimates of the manner in which the program is functioning in the various counties represented.

Following the general reports a period of discussion was held in which questions were raised by the board members. Following the general discussion Mrs. McDonald presented a brief talk highlighting the judicial phase of the welfare program in the Southern district of Mississippi which she represents on the State Board.

United States Weather Bureau Office Issues Report On Storm

Wind Velocity of 100 Miles Per Hour at Bay St. Louis One Of Highest Recorded In Area—No Tidal Waves States Report

THANKSGIVING FOOD DRIVE FOR NEEDY IN EUROPE TO BE HELD

A food drive for the needy people of Europe will be carried on during Thanksgiving week by the Parishioners of the Church of Our Lady of the Gulf, under the direction of Right Reverend Monsignor Andrew J. Gmelch, Pastor.

The drive will extend from November 23rd, to November 30th, and is sponsored by the Catholic Bishops of America.

Monsignor Gmelch has asked all who contribute to this worthy cause, to leave the article purchased, at the store where the purchase is made so that at the conclusion of the drive it will facilitate the gathering of the contributions.

The grocers are asked to cooperate in this move by placing a container where the articles purchased may be deposited.

It is also requested that all contributions be limited to canned goods, particularly MILK, MEATS and FISH.

Homecoming Celebrated At Bay High Last Saturday

On last Saturday the Bay High School celebrated its Annual Homecoming Day.

The program included a parade which formed promptly at 7:30 P. M., at the school, and in it marched the Bay High Band, led by Norman Collier, Drum Major, followed by the Cheer Leaders pep squad and then came the Queen of Homecoming Day, Miss Willie Mae Davis and her maids, Miss Gay Curet and Miss Betty Courage. Upon their arrival at the field the queen and her maids were presented by Odell Bennett, Captain of the football team, Horace Davis, Co-Captain and Andy Gray, Senior Class President. The queen and her maids were then seated beneath an arch decorated in the colors of blue and gold and with yellow chrysanthemums.

During the intermission at the half of the football game with Long Beach High School, which the Bay High team won, the queen was presented with an arm bouquet and the maids with corsages of yellow chrysanthemums. At this time the band and cheer leaders entertained the crowd.

Following the game the Homecomingers retired to the school gymnasium where the dance was held and where the color scheme of Blue and Gold was carried out. At each entrance dummies were placed representing players of Long Beach and Bay High.

Andy Gray was Master of Ceremonies and welcomed the members of the Alumni. The response was given by C. C. McDonald, Jr., Class '40.

The program closed with the singing of "Seniors of 1948," the words of which were written by Gene Pritchard.

Bay High Orchestra furnished music for the occasion.

Attend Coast Sodality Meeting

Fifty-eight young ladies of Saint Joseph Academy in Bay St. Louis accompanied by Sisters Louise Raphael and Dorothy, attended the Coast Union Sodality meeting, that was held in Biloxi at the Sacred Heart School. The meeting opened with a prayer by Father Hession and the following officers present:

President, Claudette Mikojevich; Vice-President, Robert LeBlanc; Secretary, Gwenn Hartman; Treasurer, James Lund.

Youth Conduct, subject of the day, brought a very interesting discussion. Father Curtin, cleared many points.

Those present were Father Hession, Father Curtin, Father Johnson and Brother Constantious, and students from St. Stanislaus and St. Joseph Academy in Bay St. Louis; Sacred Heart and Notre Dame of Biloxi; Our Lady of Victory of Pascagoula; St. John's School of Gulfport and St. Joseph Convent of Pass Christian.

The next meeting will be held at St. Stanislaus on Monday, December 8th. The topic of discussion will be "Our Lady of Fatima."

Following the November meeting, delicious refreshments were served and the young folks enjoyed a short social.

A very interesting statistical report of the recent hurricane has been compiled by Ralph Sanders of the United States Weather Bureau in New Orleans.

This report covers in detail the course of the hurricane from the time that it entered the Gulf of Mexico, through its course in this area.

It shows that at Bay St. Louis we had a Northeast wind with a velocity of 100 miles per hour, which was one of the highest recorded in the hurricane. And that the hurricane force winds began at 5:30 A. M. and lasted until 11:30 A. M., and that the maximum wind velocity was at 9 A. M. That our highest tide began at 7:30 A. M. and reached 12 feet at 10 A. M.

And we quote from the report: "The area along the Mississippi Coast west of Pascagoula to the Lake Borgne-Eastern Lake Ponchartraine-Covington area not only experienced the strongest winds of the hurricane, but also the greatest duration of the hurricane force winds."

In addition to the strength and duration of hurricane force winds in the area mentioned above, the waters of the Gulf of Mexico were caught up by the hurricane winds and carried it in to the Mississippi Sound where they piled up on shore, moved into Lake Borgne and swept inland some distance. The highest water reported was at Chandeleur Light about 14 feet, with the tide along the Mississippi Coast rising to about 9 feet at Pascagoula, 10 to 12 feet westward to Pearl River and about 9 feet in the Lake and the Gulf of Mexico.

It is evident that the water began to rise while hurricane winds from the Northeast were being experienced in this area, or that the winds reached hurricane force prior to the highest water. The rise in the water was fairly rapid but it definitely did not come as a tidal wave, the rise beginning at 7:30 A. M. and reaching the highest level at 10 A. M. 2 1/2 hours later at Bay St. Louis.

The rainfall at Bay St. Louis was 8.40 inches, the highest in the area.

Knights of Columbus Voice Objection To Motion Picture "Forever Amber"

The Pere LeDuc Council 1522 Knights of Columbus held their regular meeting Monday night at K. C. Home, Main Street.

A lengthy discussion was made on the booking by one of the local theatres of the motion picture "Forever Amber." This picture was branded as indecent according to the unanimous consensus of opinion of all present and members were asked not to patronize this picture. A committee was appointed to meet with the management of the theatre to see that the picture not be shown.

This committee is also to meet with representatives of other Denominations to get their assistance in opposing the showing of this picture.

"The Knights of Columbus will again help sponsor the annual collection of food for Europe and each grocery store will be designated as a collection place and then assemble at the Magnolia State Supply Company for packing and shipment.

Peter Benvenuti, Chairman, Entertainment Committee, stated that a dance for members and their families would be held November 20, 1947. Letters as a reminder will be mailed out in advance of the date.

Committees have been appointed to arrange for Commemorative Service to be held on Wednesday, November 26th, 1947.

Candidates from local council will be taken to Biloxi for initiation on Sunday, Nov. 30, 1947.

Spaghetti Supper Given by S. J. A. Mothers Club Success

On Wednesday evening of his week the Saint Joseph Academy Mothers Club entertained at a spaghetti supper, at the Knights of Columbus Home on Main St.

The response to this worthy affair was very wholesome and the ladies in charge were indeed gratified with the result which proved very successful, and all who attended were pleased with the repast served.

Through this medium Mrs. Octave Delph, president of the Mothers Club wishes to extend the thanks of the club to all who attended and to those who worked so diligently in preparing and arranging the supper, and to the Knights of Columbus for the use of their home for the occasion.

Hancock County Produces 2,837,000 Feet of Mississippi's 1946 Lumber Production of \$1,542 Million, Commerce Department Reports

Fifteen mills of Hancock County last year produced 2,837,000 board feet of lumber, including 2,726,000 feet of softwood lumber, and 111,000 feet of hardwood, according to information received here from C. Parker Persons, regional director of the United States Department of Commerce in Atlanta.

Making public figures on Mississippi's 1946 lumber production just released by the Commerce Department's Census Bureau in Washington, Mr. Persons said the 1946 production for the State as a whole aggregated 1,542,000,000 board feet, or

17 per cent above the approximately 1,313,000,000 feet produced in 1945. Cooperating in the report were the U. S. Forest Service, Department of Agriculture, and Tennessee Valley Authority.

The Census Bureau report, copies of which are available at the U. S. Department of Commerce, 418 Atlanta National Building, in Atlanta, or through the Mississippi Agricultural and Industrial Development Board, State Capitol, Jackson, also shows that Hancock County produced 4,453,000 feet of sawlogs, including 3,333,000 feet of softwood and 1,120,000 feet of hardwood, from which lumber produced in the county was manufactured. The report, broken down as to production of lumber and origin of sawlogs by counties, also stated that more than 98 per cent of the sawlogs consumed by Mississippi sawmills were produced in forests of the State itself, the other, 3 per cent coming from

Alabama, Arkansas, Louisiana and Tennessee. Yellow pine constituted the major species of wood from which Mississippi's lumber was produced last year. Other important species were oak, Tupel gum, red gum, and yellow poplar, those species accounting for 95 per cent of the State's 1946 total.

Pledged To Beta Sigma Social Sorority

Columbia, Mo., Nov. 11—Miss Virginia Elizabeth Seal, of Bay St. Louis, Miss., was pledged to Beta Sigma Beta social sorority during informal pledging Nov. 9 at Stephens College here, climaxing a month of rushing activity on the campus. She was one of 582 girls, pledging 16 social sororities at the college, who will be formally pledged to their respective sororities on November 16.

Social service is one of the principal objectives of the sororities at Stephens College, and members also participate in a program of social activities throughout the year.

Highlighting the winter social season will be the formal Pan-Hellenic Ball to be held in Lela Raney Wood ballroom at the college on December 12 and 13, with Buddy Moreno's orchestra providing the music. An innovation this year will be the first dance sponsored jointly by both Pan-Hellenic and the Independent organizations, which will be given on Nov. 21 and 22.

Miss Seal is the daughter of Mr. and Mrs. Leo W. Seal, 408 North Beach, Bay St. Louis.

TRAPPING SEASON NOT TO BE CLOSED, SAYS GAME WARDEN

Dates of Hunting Season And Bag Limits

State Game Warden Randolph Bourgeois has just announced that the trapping season on muskrat, coon, mink, weasel, and skunk will not be closed this year as first reported, and the season will run from December 1 to January 31, both dates inclusive.

After extensive surveys of the marsh areas after the September hurricane, it has been noted by State Game Commission experts that the "rats" were not wiped out as was first feared.

Also noted is the fact that duck season opens Monday, December 8, at 12 noon.

All trappers must have their license on their person while running traps, and duck and geese hunters must have their license and federal duck stamp while hunting. Ducks and geese may not be hunted after one hour before sundown each day during the season nor before sunrise each morning.

Below is listed the official dates and bag limits for all game.

All dates inclusive:
Quail—December 10 to Feb. 10th—8 per day, 16 in possession.
No Thanksgiving Day hunting.
Turkeys—Closed season for entire State for two years.

ORTHE THEATRE PRESENTS SUNDAY & MONDAY "SONG OF THE THIN MAN"

Starring William Powell
And Myrna Loy

After a long absence, Nick and Nora Charles are back, sleuthing again on the MGM lot. They're William Powell and Myrna Loy, of course, and they should turn up a lot of money for the box office.

"Song Of The Thin Man" follows its predecessors in the series by concentrating on smartly turned dialogue, breezy affectionate home life, and murder—all wrapped up in a Class A production.

But this time there's something added: a lot of good jazz music. Nick and Nora get involved in a murder which takes place aboard a

gambling ship. The leader of the ship's orchestra is shot. The featured clarinet player vanishes. Trying to find him Nick and Nora are piloted through a maze of jam sessions by another member of the orchestra, played expertly and in high humor by Keenan Wynn.

Nick and Nora learning jive talk, Wynn greeting a favorite band leader of his, some pointed and sly side remarks on "seeing too many movies" provide the high points of this expert and slick comedy mystery.

The complications of the murder side of the story, sometimes get out of hand and tend to weigh the picture in a little on the heavy side. Although there's somewhat of a counter balance to be found in the uniformly good acting turned in by the supporting cast.

Yet it's Loy and Powell who carry the picture by delivering their comedy lines exactly right and showing off their comedy timing to best advantage.

WANTED TREE CLIMBER, MUST BE GOOD

VETERANS NEWS

The Veterans Administration has announced a new plan for VA inspection of houses financed by GI loans while the houses are still under construction appraisal of "reasonable value" based upon complete plans and specifications. A minimum of three inspections are required as work advances to assure adherence to the agreed standards. The plan is optionally available to builders, lenders and sponsors of such projects.

Builders and financing agencies thus may receive a definite commitment as to "reasonable value" in advance of construction, provided the homes are completed according to specifications.

The commitment will remain valid for a specified period—usually predicated on the probable time necessary to complete construction. Heretofore, a definite VA commitment on the maximum price for which a house could be sold to a veteran upon completion was available only where an individual veteran asked for a construction loan.

With the new plan, VA for the first time is assuming directly the function of assuring proper construction—from plans to completion—of houses built for sale to veterans with GI loan financing.

VA inspections will not be required in connection with work supervised by the Federal housing Administration.

The job training program provided for World War II veterans by the GI Bill has passed its peak under present laws and conditions, the Veterans Administration believes.

Q—Is Veterans Administration doing anything to keep abreast of improvements in prosthetic equipment so that we veterans may get the benefit of them?

A—Veterans Administration employees who aid disabled veterans in selecting and fitting artificial arms, legs, eyes and other devices are going to school to learn the latest developments and improvements in the prosthetic field.

Q—I received an overpayment in subsistence allowance after I left school. Will I have to refund the amount I received to the Government?

A—Yes. . . . Q—I am being rehabilitated under Public Law 16 and I would like to know what medical treatment is available to me?

A—Under the Vocational Rehabilitation Act (Public Law 16) you are entitled to any kind of medical treatment needed (hospital or outpatient) to prevent interruption of your training.

Q—How and where do I apply for hospitalization for a service-connected disability?

A—See your nearest Veterans Administration contact representative or apply at a VA regional office or hospital. A letter addressed to the nearest VA office will suffice. In case of emergency, you can telephone the nearest VA office collect.

State-Wide Conference of County Superintendents
Jackson, Miss., November 15 (Special)—State Superintendent J. M. Tubb has called a state-wide conference of the county superintendents of education and the county superintendents-elect to convene on December 9, 1947. This meeting is called for 9:30 o'clock, Tuesday morning of this date and is to be held in the conference room of the Mississippi Education Association Building in Jackson. Mr. Tubb will arrange a program for the day's conference. Members from the county superintendents' group with members of the Department of Education will lead discussions on various phases of the school program on the state level.

Mr. Tubb is anxious for the present county superintendents whose terms will expire in January, 1948, to be present to give their counsel and advice on school problems. He is also urging county superintendents elect to be present in order that they may become more familiar with certain questions that will arise during the years of their administration.

The law requires the State Superintendent of Education to call the county superintendents into conference annually. In calling the conference at this time, Mr. Tubb is not only complying with the law but also providing an opportunity for group discussions on important school matters.

SYCAMORE and THIRD ST.—BAY ST. LOUIS, MISS.

Phone 9134

ORDINANCE NO. 110

AN ORDINANCE DECLARING THE INTENTION OF THE CITY OF BAY ST. LOUIS, MISSISSIPPI, OF SELLING AND CONVEYING ITS NATURAL GAS TRANSMISSION LINE EXTENDING FROM A POINT NORTH OF THE CITY OF GULFPORT, MISSISSIPPI, THROUGH HARRISON COUNTY ACROSS THE BAY OF ST. LOUIS INTO THE CITY LIMITS OF THE CITY OF BAY ST. LOUIS, MISSISSIPPI, TO UNITED GAS PIPE LINE COMPANY, IN CONSIDERATION OF THE SUM OF \$1.00 AND THE FURTHER CONSIDERATION OF THE AMENDMENT OF THE GAS SALES CONTRACT ENTERED INTO BETWEEN THE CITY OF BAY ST. LOUIS, MISSISSIPPI, AND UNITED GAS PIPE LINE COMPANY, DATED JUNE 16, 1941, AS AMENDED, SO AS TO CHANGE THE POINT OF DELIVERY OF GAS FROM A POINT NORTH OF THE CITY OF GULFPORT, MISSISSIPPI, TO A POINT WITHIN THE CITY LIMITS OF THE CITY OF BAY ST. LOUIS, MISSISSIPPI, AND AMEND SAID CONTRACT AS HEREINAFTER SET OUT IN FULL.

Whereas, the City of Bay St. Louis, Mississippi, pursuant to the provisions of the Laws of the State of Mississippi, including, among others, Chapter 317 of the Laws of Mississippi of 1934 and Acts Amendment thereof and supplemental thereto, to construct a natural gas transmission line and a natural gas distribution system; and

Whereas, the said natural gas transmission line, above referred to, extends from a point north of the city limits of Bay St. Louis, Mississippi, through Harrison County across the Bay of St. Louis and into the city limits of the City of Bay St. Louis, Mississippi; and

Whereas, shortly after the construction of said natural gas transmission line, numerous leaks began to develop and the governing authorities of the city immediately made every effort to stop such leaks and remedy such trouble, but after known and ascertainable leaks were repaired, other leaks promptly developed and the said transmission line began to require the constant care and attention of the governing authorities of said city and its employees, and caused and necessitated the city to expend large sums of money in an effort to eliminate leaks from said transmission line. That said situation has become progressively worse and in spite of diligent efforts to stop such leakage and prevent new leaks, the governing authorities and employees of the city have been wholly unable to cope with said situation; and

Whereas, after a complete and careful investigation by duly qualified persons familiar with the construction, maintenance, operation and repair of natural gas transmission lines, it has been determined and the Mayor and Commissioners of Bay St. Louis, Mississippi find and adjudge that from due and sufficient evidence adduced before them, that said natural gas transmission line, above referred to, has been deteriorating for a number of years, and that the rate of deterioration at the present time is so rapid that unless said defects are promptly corrected, and unless large portions of said transmission line are replaced and the remainder of said line completely overhauled and repaired, that natural gas service to the inhabitants of the City of Bay St. Louis, Mississippi, may be interfered with. The Mayor and Commissioners of Bay St. Louis, Mississippi find and adjudge that said city has sustained a great monetary loss each month because of gas lost from said transmission line due to leakage, all as reflected by a statement of said losses on file in the office of the City Clerk and that said losses will become progressively larger unless said transmission line is replaced in part, overhauled and repaired as above set out, and they further find that the cost of such replacing, overhauling and repairing will be excessive and prohibitive; and

Whereas, the Mayor and Commissioners find from said investigation, information and evidence that it would be to the best interest of the city to dispose of said transmission line; and

Whereas, the City of Bay St. Louis, Mississippi, purchases natural gas for its distribution system from United Gas Pipe Line Company, pursuant to a Gas Sales Contract, dated June 16, 1941, as amended, which contract provides for a point of delivery of gas by the Seller to the City at a point near the Seller's pipe line north of the City of Gulfport, Mississippi; and

Whereas, the Mayor and Commissioners find and adjudge that if said natural gas transmission line can be sold for a purely nominal consideration plus the very substantial and valuable consideration of the amendment to the Gas Sales Contract, as amended, existing with United Gas Pipe Line Company, as above set out, so that the gas for the City's distribution system will be delivered to the city at a point inside the city limits, thereby eliminating transmission losses and expense as above set out, that such terms and conditions will best promote and protect the public interest; and

Whereas, United Gas Pipe Line Company has subject to the conditions hereinafter set out, agreed to purchase said natural gas transmission line for a cash consideration of \$1.00 and for the further consideration of the amendment of said Gas Sales Contract, as amended, above referred to, so as to provide for a change of the point of delivery of gas to a point within the city limits of the City of Bay St. Louis, Mississippi, and other amendments, all as hereinbefore set out in full, provided, and subject to the condition that: (1) United Gas Pipe Line Company be granted a Certificate of Public Convenience and Necessity by the Federal Power Commission to acquire and operate said transmission line; (2) that the proposed amendment to the Gas Sales Contract, as amended, above referred to and hereinafter set out at length, is permitted to become effective as a part of the Federal Power Commission's Certificate of Public Convenience and Necessity; (3) the execution and delivery to United Gas Pipe Line Company by the City of Bay St. Louis, Mississippi, acting through its duly authorized officials, of a proper conveyance covering said natural gas pipe line, conveying good and valid title there-

to, free and clear of all liens and encumbrances, together with all rights-of-way, easements, franchises and permits pertaining to said pipe line which are necessary, in the opinion of United Gas Pipe Line Company, for the proper operation, maintenance, repair, construction, reconstruction and replacement, in whole or in part of said natural gas transmission line; and (4) that the Mayor and Commissioners of the City of Bay St. Louis, Mississippi will be duly and legally authorized to execute the amendment to the Gas Sales Contract hereinafter set out at length and that such officials thereafter execute and deliver said amendment jointly with United Gas Pipe Line Company acting by its duly authorized officials.

Whereas, the Mayor and Commissioners of the City of Bay St. Louis, Mississippi, heretofore issued \$200,000.00 of Gas Revenue Bonds, dated January 2, 1939, to finance the construction of the transmission line and distribution system hereinabove referred to, all as shown by the minutes of said Mayor and Commissioners and as shown in Cause No. 4180 on the Docket of the Chancery Court of Hancock County, Mississippi; and

Whereas, \$50,000.00 of bonds of said \$200,000.00 issue, above referred to, were paid and the City of Bay St. Louis, Mississippi, issued \$195,000.00 of Gas Revenue Refunding Bonds of the City of Bay St. Louis, Mississippi, dated December 1, 1941, as shown by the minutes of the Mayor and Commissioners and as shown in Cause No. 4540 on the Docket of the Chancery Court of Hancock County, Mississippi; and it appearing that \$195,000.00 of said outstanding bonds, were exchanged for the \$195,000.00 of Gas Revenue Refunding Bonds, last referred to, and the Mayor and Commissioners of the City of Bay St. Louis, Mississippi find and adjudge that all of said outstanding Revenue Bonds are now owned and held by Royal Neighbors of America of Rockford, Illinois, and the holder of said bonds being fully familiar with the large sums that are being lost each month due to leakage of gas from said transmission line, and being fully familiar with the bad condition of repair and rapid rate of deterioration of said transmission line, has consented and agreed for said transmission line, heretofore referred to, to be sold and conveyed to United Gas Pipe Line Company upon the terms and conditions above mentioned, and has agreed to execute any necessary and proper instrument or agreement relating to the property to be sold to United Gas Pipe Line Company from the lien of said Gas Revenue Refunding Bonds of the City of Bay St. Louis, Mississippi, dated December 1, 1941, above referred to; and

Whereas, it appears to the Mayor and Commissioners of the City of Bay St. Louis, Mississippi, and they hereby find, that pursuant to the Laws of the State of Mississippi, and particularly Section 3573 of the 1942 Mississippi Code Annotated, and Acts Amendment thereof and Supplemental thereto, that the City of Bay St. Louis, Mississippi, is fully authorized and empowered to sell and convey the property above referred to, to United Gas Pipe Line Company upon such terms and conditions, and with such safeguards as will best promote and protect the public interest, and are fully authorized and empowered to transfer title to said property by Warranty Deed, Bill of Sale or Contract, provided that notice of intention of making such sale or disposition shall be given by publication once a week for three consecutive weeks in some newspaper published in said municipality, and that after ten (10) days from the date of last publication of such notice said property may be sold and disposed of, unless within ten (10) days after the last publication of such notice a petition signed by not less than 20% of the qualified voters of such municipality be filed objecting to and protesting against such sale or disposition, in which event a special election shall be called, and it is hereby found and determined that the Sea Coast Echo is a newspaper published in the City of Bay St. Louis, Mississippi, for more than one year prior to this date, and having a general circulation in said city, and that notice of the intention to sell and dispose of said property should be given in said newspaper in the manner and for the time provided by law;

Now, Therefore, Be It Ordained by the Mayor and Commissioners of the City of Bay St. Louis, Mississippi, as follows:

Section 1. That the City of Bay St. Louis, Mississippi, sell and convey unto United Gas Pipe Line Company, its natural gas transmission line beginning at a point near the pipe line of United Gas Pipe Line Company north of the City of Gulfport, Mississippi, and running through Harrison County, Mississippi, through and across the Bay of St. Louis and into the city limits of Bay St. Louis, Mississippi, and for the sum and amount of One Dollar (\$1.00) cash, and the further consideration on the part of United Gas Pipe Line Company of amending the Gas Sales Contract entered into by and between the City of Bay St. Louis, Mississippi and United Gas Pipe Line Company, dated June 16, 1941, as amended, as hereinafter set out in full, which conveyance shall be substantially in the following form, to-wit:

"STATE OF MISSISSIPPI
COUNTY OF HANCOCK

For and in consideration of the sum of One Dollar (\$1.00), cash in hand this day paid by United Gas Pipe Line Company the receipt of which is hereby acknowledged, and for the further good and valuable consideration of the amendment to the Gas Sales Contract entered into between the grantor and grantee under date of June 16, 1941, as hereinafter amended, in the manner and form as provided in Ordinance No. 110 duly adopted by the Mayor and Commissioners of the City of Bay St. Louis, Mississippi, on

the 3rd day of November, 1947, and other ordinances, resolutions, proceedings and acts had and done in connection therewith, as shown by the Minute Book in the office of the City Clerk of the City of Bay St. Louis, Mississippi, the receipt of which amendment duly executed by United Gas Pipe Line Company, acting by and through its duly authorized officers, is hereby acknowledged, and said amendment having likewise been executed by the City of Bay St. Louis, Mississippi, acting by and through its duly authorized Mayor and Clerk, a duplicate original of said amendment having been delivered to the grantee herein, the City of Bay St. Louis, Mississippi, acting by and through its duly authorized Mayor and Clerk, does hereby grant, bargain, sell, convey, warrant, set-over, transfer, assign and deliver unto United Gas Pipe Line Company, a Delaware corporation, the following described property situated in the counties of Hancock and Harrison in the State of Mississippi, and being more particularly described as follows, to-wit:

A certain 4 1/2 inch O. D. pipe line now being used by the City of Bay St. Louis, Mississippi, as a natural gas transmission pipe line, the location and course of which is more accurately described as follows:

The 4 1/2 inch O. D. pipe line hereinafter described begins in the Southeast Quarter of the Northeast Quarter of Section 21, Township 7 South, Range 11 West, Harrison County, Mississippi, at a point in a county road right of way and on the North side of said road adjacent to the South fence line of United Gas Pipe Line Company's Station 1, and

The Pipe line continues in a westerly direction along North side of said meandering county road until same intersects U. S. Highway No. 49 near the center of Section 21, Township 7 South, Range 11 West.

After having crossed under U. S. Highway No. 49 pavement, the pipe line turns in a southerly direction and continues along West side of and in right of way of U. S. Highway No. 49 to a point where same intersects 28th Street in the City of Gulfport. Thence in a westerly direction along 28th Street Road to where said road extended intersects Old Pass Christian Road near North and South center line of Section 33, Township 7 South, Range 12 West, Harrison County, Mississippi, in a southerly direction on East side of pavement and in right of way of Old Pass Christian Road to town of Cuevas. Crossing Bayou Portage East side of bridge, the line continues in southerly direction from Cuevas along same named road, but known as Menge Avenue from Cuevas to Pass Christian.

At some point in the North half of Section 17, Township 7 South, Range 12 West, the pipe line crosses over pavement on Menge Avenue from East to West side and continues along West side of Menge Avenue to the intersection with North Street, Pass Christian, Mississippi in the West half of Section 30, Township 8 South, Range 12 West Thence in a southerly direction along the South side and in North Street to intersection with Cedar Street in West Pass Christian, Mississippi. At this point the pipe line turns in a southerly direction and continues along East side of Cedar Street to the intersection with Old Pass Christian Road, Thence in a southerly and westerly direction to the intersection with Cedar Street in West Pass Christian, Mississippi. The line continues along the South side of and in U. S. Highway No. 90 in a westerly direction to the East water's edge of the bay, the line is laid on the bottom of the U. S. Highway No. 90 bridge and the U. S. Railroad Bridge. At the West water's edge of the bay, the line crosses over the seawall and under Front Street in Bay St. Louis to enter Uman Avenue.

Thence along South side of Uman Avenue a distance of approximately 1875 feet to where pipe line enters the City of Bay St. Louis municipal property, and continues in a southerly direction along the 4 inch plug valve approximately two feet inside the property line. This valve is immediately upstream of the present City of Bay St. Louis natural gas sales metering station located in the Northwest corner of Lot 326, being in Section 29, Township 8 South, Range 13 West, Hancock County, Mississippi.

The above 4 1/2 inch O. D. line is approximately 0.9500 miles long, including the bay crossing. It is the intention of the grantor herein to sell and convey, and there is hereby sold, conveyed and delivered unto the grantee herein, said 4 1/2 inch O. D. pipe line, above described and located, together with all taps thereon through and including the down stream side or face of the first cut-off valve adjacent to the pipe line and together with all main line block, gates or valves, all magnetic devices and other devices and equipment used for cathodic protection of said pipe line and all other pipe line facilities used in connection with, or useful to the operation of, said natural gas transmission pipe line as now located and being operated by the City of Bay St. Louis, Mississippi.

TO HAVE AND TO HOLD the natural gas transmission pipe line and facilities above described unto said grantee herein, its successors or assigns, forever.

The City of Bay St. Louis, Mississippi, does hereby bind itself, its successors and assigns to warrant and defend, all and singular, the property and facilities sold and conveyed hereby unto the grantee herein, its successors and assigns, against every person, who may lawfully claim or to claim the same or any part thereof.

This instrument is executed pursuant to the authority or is subject to the terms and conditions contained in Ordinance No. 110 duly and legally adopted by the Mayor and Commissioners of the City of Bay St. Louis, Mississippi, on the 3rd day of November, 1947, and all other ordinances, resolutions, proceedings and acts had and done in connection therewith, all as shown of record in the Minute Book in the office of the City Clerk of the City of Bay St. Louis, Mississippi.

Witness the execution hereof by the City of Bay St. Louis, Mississippi, acting by and through its duly authorized Mayor and Clerk and with its seal duly impressed hereon, this the _____ day of _____, 1947.

CITY OF BAY ST. LOUIS, MISSISSIPPI
By _____
Mayor of the City of Bay St. Louis, Mississippi.
ATTEST:

Clerk of the City of Bay St. Louis, Mississippi.
STATE OF MISSISSIPPI
COUNTY OF HANCOCK

Personally came and appeared before me a Notary Public in and for the state and county aforesaid, the within named _____, who each acknowledged to me that they are Mayor and Clerk, respectively, of the City of Bay St. Louis, Mississippi, and that as officers they signed, affixed the corporate seal to and delivered the foregoing instrument of writing on the day and year therein mentioned, for and on behalf of the City of Bay St. Louis, Mississippi, of which they were first duly authorized so to do.

Given under my hand and official seal, this _____ day of _____, 1947.

Notary Public.
Section 2. That the City of Bay St. Louis, Mississippi, execute an amendment to the Gas Sales Contract executed by and between the City of Bay St. Louis, Mississippi, and United Gas Pipe Line Company, dated June 16, 1941, as amended, which amendment shall be in substantially the following form:

"THIS AGREEMENT, made and entered into this _____ day of _____, 1947, by and between UNITED GAS PIPE LINE COMPANY, a Delaware corporation, hereinafter called "Seller," and CITY OF BAY ST. LOUIS, MISSISSIPPI, a municipal corporation of the State of Mississippi, hereinafter called "Buyer,"

WITNESSETH:
Whereas, Seller and Buyer entered into a contract, dated June 16, 1941, as heretofore amended, relating to the sale and purchase of gas for resale and distribution through Buyer's distribution system in the City of Bay St. Louis, Mississippi, and for resale and distribution directly from Buyer's pipe line referred to in said contract; and

Whereas, Buyer has agreed to convey to Seller said above mentioned pipe line extending from the City of Bay St. Louis, in Hancock County, Mississippi, to a point on Seller's facilities in the vicinity of Gulfport, in Harrison County, Mississippi; and as a consequence thereof, it is necessary that said contract be amended, as heretofore amended, be further amended in the particulars and to the extent hereinafter set forth.

Now, Therefore, in consideration of the new terms and conditions hereinafter set forth to be kept and performed by the parties hereto, it is agreed by and between said parties as follows:

1. From and after the effective date hereof, as set forth in Article 4 of this amendment, Article 1 of said contract shall be and is hereby amended so that said Article 1 shall hereinafter, in its entirety, read as follows:

"I. Subject to the terms and conditions hereof, Seller agrees to sell and deliver or cause to be delivered to Buyer, and Buyer agrees to purchase and receive from Seller and pay Seller for (a) all natural gas contained by Buyer in the necessary to meet Buyer's requirements of gas for resale and distribution through its said distribution system and any extensions thereof in the City of Bay St. Louis, Mississippi and its adjoining environs, (b) all gas contained by Buyer in connection with the operation of said distribution system, and (c) all gas lost and unaccounted for after delivery to Buyer hereunder."

2. From and after the effective date hereof, as set forth in Article 4 of this amendment, Article II of said contract shall be and is hereby amended so that said Article II shall hereinafter, in its entirety read as follows:

"II. The gas to be sold and delivered by Seller to Buyer hereunder shall be delivered to Buyer at the outlet station to be installed by Seller, at _____, Mississippi, on a plot of ground, owned by Buyer, being 170 feet by 216 feet, and consisting of lots 26, 27, 326 and part of 325, lying South of Uman Avenue, North of Carroll Avenue, and West of 28th Street, all being in Section 29, Township 8 South, Range 13 West, Hancock County, Mississippi.

Buyer agrees to furnish to Seller, free of charge, the use of the premises to be occupied by Seller's said metering and regulating station and by any portion of Seller's tap line, from its main line to said metering and regulating station, which may be located on Buyer's premises, with all right of ingress and egress at all times for the purpose of installation, operation, repair and removal of said metering and regulating station or tap line."

3. From and after the effective date hereof, as set forth in Article 4 of this amendment, Article III of said contract shall be and is hereby amended so that said Article III shall hereinafter, in its entirety, read as follows:

"III. The gas to be sold and delivered by Seller to Buyer hereunder shall be delivered at said point of delivery at such pressures (not to exceed sixty (60) pounds per square inch gauge pressure) as may be necessary to meet Buyer's requirements and as can be maintained without more than one stage of regulation by Seller and Buyer agrees to receive and take gas hereunder at the pressures in this Article III specified and to pay for the same at the control said gas for delivery to its consumers."

4. Seller shall promptly file a copy of this agreement, as a part of Federal Power Commission Rate Schedule No. 47, with the Federal Power Commission, under and in accordance with the Provisional Rules of Practice and Regulations under the Natural Gas Act. Seller has heretofore applied to the Federal Power Commission for a Certificate of Public Convenience and Necessity to acquire and operate said above mentioned pipe line which Buyer has agreed to convey to Seller. This agreement shall not become

effective between the parties hereto unless (1) the same is permitted to become effective as a part of Federal Power Commission Rate Schedule No. 47, by action or inaction of the Federal Power Commission, and (2) Seller has obtained appropriate Certificate of Public Convenience and Necessity from the Federal Power Commission to acquire and operate Buyer's above mentioned pipe line, and (3) Buyer executes and delivers to Seller proper conveyance of Buyer's above mentioned pipe line, conveying good and valid title thereto, free and clear of all liens and encumbrances, together with all rights of way, easements, franchises and permits, pertaining to said pipe line, which are necessary, in Seller's opinion, for the operation of said pipe line. In the event all of the above mentioned conditions (1), (2) and (3) shall have been fulfilled, this agreement shall become effective between the parties hereto on the date on which deliveries of gas are first made by Seller to Buyer hereunder at the delivery point set forth in Article 2 hereof, which date shall not be later than thirty (30) days after all of said conditions (1), (2) and (3) shall have been fulfilled.

5. Except as herein specifically changed and amended, said contract of June 16, 1941, as heretofore amended, shall remain the same and continue in full force and effect as written.

IN WITNESS WHEREOF, the parties hereto have caused this agreement to be executed in duplicate originals by their respective corporate officers thereto duly authorized and their respective corporate seals to be hereunto fixed on this date and year first hereinafter written.

UNITED GAS PIPE LINE COMPANY
By _____ Vice President

ATTEST:
Secretary.
CITY OF BAY ST. LOUIS, MISSISSIPPI
By _____ Mayor

ATTEST:
City Clerk
CITY OF BAY ST. LOUIS, MISSISSIPPI

SECTION 3: That the Mayor and Clerk of the City of Bay St. Louis, Mississippi, and acting for and on their behalf, be and they are hereby authorized, directed and empowered to execute the conveyance set out in Section 1 hereof and the amendment to the Gas Sales Contract, as amended, set out in Section 2 hereof and they are hereby given full and plenary power and authority after such execution of said conveyance to United Gas Pipe Line Company upon receipt of the cash consideration of One Dollar (\$1.00) and upon receipt of the amendment to the Gas Sales Contract as amended, above set out, to be executed by United Pipe Line Company, acting by its duly authorized officers, and said Mayor and said Clerk are further given full and plenary power and authority on behalf of the City of Bay St. Louis, Mississippi to do anything necessary or required in carrying out the provisions hereof.

SECTION 4: That the Clerk of this Board be and he is hereby authorized and directed to publish a complete copy of this resolution once each week for three consecutive weeks in the Sea Coast Echo.

SECTION 5: The City of Bay St. Louis, Mississippi, does hereby declare its intention to sell its natural gas transmission line, above described, on the terms and conditions hereinafter set out, and does hereby notify the public and the qualified voters of the City of Bay St. Louis, Mississippi, that said natural gas transmission line, above described, is subject to such terms and conditions, and said Gas Sales Contract, as amended, will be amended as hereinabove set out, on or after the 10th day of December, 1947, unless within ten (10) days after the last publication of said notice a petition signed by not less than twenty per centum of the qualified voters of the municipality is filed, objecting and protesting against such sale and disposition.

SECTION 6: This ordinance shall take effect and be in force as provided by law.

ADOPTED:
G. Y. BLAIZE, Mayor of the City of Bay St. Louis, Mississippi.
ATTEST: H. GRADY PERKINS, Clerk of the City of Bay St. Louis, Mississippi.

(SEAL)
The foregoing ordinance of the City of Bay St. Louis, Mississippi, having been first reduced to writing, was introduced in the form in which it was finally adopted by the Council and read by the Clerk at a regular meeting of the Council, and thereafter the same remained on file with the City Clerk for public inspection for at least two weeks before the final passage and adoption thereof. On motion of Commissioner H. Grady Perkins and seconded by Commissioner W. L. Bourgeois, the same was read and considered in sections, and upon motions made and seconded, each of said sections was separately considered, voted upon, approved, passed, and adopted; thereupon the question came up for consideration on the adoption and passage of said ordinance as a whole, on motion made by Commissioner H. Grady Perkins and seconded by Commissioner W. L. Bourgeois that said ordinance be passed and adopted, the vote on final passage was as follows:

AYES: G. Y. Blaize, Mayor, H. Grady Perkins, W. L. Bourgeois. NAYS: None.
Whereupon said ordinance was declared duly passed and adopted.

G. Y. BLAIZE, Mayor of the City of Bay St. Louis, Mississippi.
ATTEST: H. GRADY PERKINS, Clerk of the City of Bay St. Louis, Mississippi.

(SEAL)
CHANCERY SUMMONS
STATE OF MISSISSIPPI
To G. W. Brock

You are summoned to appear before the Chancery Court of the County of Hancock, in said State, on the Fourth Monday of February, A. D. 1948, to defend the suit No. 5385 in said Court of Vera Peterson Brock, wherein you are a Defendant.

This 4th day of November, A. D. 1947.
(SEAL) A. G. FAYRE, Clerk.

MISSISSIPPI HEADS IN FISH POND CONSTRUCTION

Jackson, Miss., Nov. 13 (Special).—The people of Mississippi will have constructed by the end of 1947 a total of 14,300 fish ponds. This is more than 200% above the average for the ten southeastern states of Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Mississippi, North Carolina, South Carolina and Tennessee.

Sixty-five counties in Mississippi reported on the pond construction program revealed that 2,181 ponds were built which were intended for use as fish ponds. This brings the total construction in Mississippi to 10,481 ponds, since the inception of the pond program.

Mississippi also leads in the number of fish ponds constructed during the year 1946 with 4,050. Kentucky is in second place with 2,352. The fish ponds in Mississippi average 1.1 acre each in size, while Georgia has the largest ponds in average size, 11.0 acres.

Director R. M. Freeman of the Mississippi Game & Fish Commission points out that the commission has extended itself to co-operate with private fish pond owners and the U. S. Fish and Wildlife Service in making available a delivery and distribution service for the hatcheries in the State. These hatcheries are located at Tupelo, Lyman and near Meridian. The commission maintains and operates three fish delivery trucks at no cost to either the U. S. Fish and Wildlife Service or to the private fish pond owner.

Under this distribution system the commission has delivered to private fish pond owners in the state millions of brook trout and bass fingerlings. Public fishing waters have benefited as a result of the fish pond building program. Many ponds are located so that overflows run into small creeks and streams and thence into the larger streams and lakes and fishing is improved because of the influx of new fish life from the ponds.

Waveland News

The committee for the rehabilitation of the hurricane torn sections of Waveland, Clermont Harbor and Lakeshore gave a "Block Party" and Fair on the Waveland School grounds on Saturday and Sunday which was a big success.

Those that attended, thoroughly enjoyed themselves by eating and drinking and taking home many fine and useful gifts that they won. It was certainly a case of everyone putting their shoulder to the wheel which shows that by united effort

our citizens can obtain success even under adverse circumstances. Through this medium we express our grateful thanks to all who participated in making this fair a grand success.

Mr. and Mrs. J. C. Bobb of New Orleans have purchased some lots here and are now building their home where they expect to reside permanently. Mr. Bobb intends to go into the turkey and poultry raising business.

Misses Dorothy and Catherine Manfre were over for the week end visiting their parents at their home on Waveland Avenue. Since the hurricane they have been staying in New Orleans with their aunt Miss

Rita Finney.

Mr. and Mrs. Jake Schander and family were over for the week end visiting their parents Mr. and Mrs. Walter Turcotte and family.

Mr. Cyril Finney spent a few days of his vacation with his sister Mrs. S. Manfre.

Mrs. Grace Evans has returned from New Orleans where she underwent an operation. We are glad to report that she is getting along fine.

Mr. and Mrs. Melvin Villere have returned from a three weeks motor trip through Arkansas, Oklahoma and Texas visiting relatives enroute.

Mr. and Mrs. Henry J. Angelle were over for the week end.

Mr. and Mrs. Henry J. Angelle were over for the week end.

Mr. John Bourgeois after spending a few days with his parents Mr. and Mrs. J. D. Bourgeois left for Durham, North Carolina to join his

GAINESVILLE NEWS

Mr. and Mrs. W. H. Webb, Mrs. Buford Smith, Mrs. Howard Regan of Columbia, Miss. were visitors here last week.

Mrs. Charles Wilson of Liberty spent the week end with her mother Mrs. Joe Jones.

Herbert Ray Mitzler of Mobile, spent the week end with his uncle and aunt Mr. and Mrs. Tommie Patch.

Mr. and Mrs. Howard Miller and four children of Gulfport were visitors here Sunday.

Mrs. Jennie Williams and son of Bay St. Louis were visitors here Sunday.

Mr. Norman Ott, Mr. Willie Woods were in Bay St. Louis Saturday on business.

Mrs. Tommie Patch is spending a week in Mobile, Ala.

Altar Society News

The date and place of our Apron Sale has finally been set. Mr. Emile Gex has generously agreed to let us use his building on Main Street in one part of which is Pitre's Baby Shop and just two doors from the Bobby Anne Bakery.

This Saturday, the 22nd will be the day, so we hope to see our friends there, and promise then a nice selection of aprons.

wife who preceded him there. Mr. and Mrs. Bourgeois expect to make their home in Durham.

Mr. and Mrs. J. T. Brierre spent the week end as the guests of Mr. and Mrs. C. Breaud.

Mr. and Mrs. Martin Rothchild were over for the week end. Mrs. Rothchild was the lucky winner of the turkey dinner at the fair.

Mr. and Mrs. Arthur Smith were among those coming over for the fair.

Dr. and Mrs. B. C. White spent the week end at their home on Soubal.

Mr. and Mrs. Laurence Hughes spent a few days at their home on St. Joseph Street.

The many friends of Mr. Alcide J. Favre were shocked to learn of his sudden death on Sunday, November 16th at 9:40 A. M. Besides his widow he is survived by a son Alcide (Buster) Favre of New Orleans; three sisters, Mrs. Walter Carver, of Waveland, Miss., Mrs. John Carver and Mrs. S. J. Allison of New Orleans, one brother Mr. Jules Favre of Waveland, a number of relatives and a lot of friends.

Funeral services were conducted from the Fahey Funeral Home with interment in Cedar Rest Cemetery. The entire community extends its heartfelt sympathy to the family.

On November 6th a birthday party was given for Mabel and Bernice Bourgeois, at Mrs. Brockman's place with the following present: Misses Jessie May Bilbo, Leboria Bourgeois, Marie Ncaise, Gloria Ncaise; Mesdames Joe Caro, Humphrey Ferrell, Randolph Bourgeois, Sr., Gertrude Brockman, Vital Bourgeois, Little Lynn Hall, Earl Ladner, R. J. Ladner, Ernest Morris, Lester Sperier, Eldred Schmidt.

A large birthday cake was cut. Refreshments and sandwiches were served, games were played and all had a good time. Many pretty gifts were received by the honoree.

A good Sportsman in the making

Mississippi hunters and fishermen maintain a tradition of sportsmanship that has become a cherished heritage to pass down from father to son to grandson. And high among the ideals of the Mississippi sportsman is conservation of wild life.

And just as the sportsman conserves wild life, so other Mississippians conserve those things we hold most dear—our health, our mode of living, our knowledge, our natural resources.

Like other natural resources, natural gas has little value locked in the

ground. It is worth nothing unless it can be made to perform a service for the benefit of mankind. United Gas gives value to natural gas by making it available for use...by building processing plants, compressors and pipe lines to connect wells with a constantly increasing number of Mississippi cities and towns where it can be used. This is practical conservation, for it gives value to this finest of fuels, stimulates industrial development, creates jobs, and benefits all the families in Mississippi.

Final Preparations For The Silver Jubilee of National Catholic Rural Life Conference

Lafayette, La., Nov. 19—Final preparations for the Silver Jubilee National Catholic Rural Life Conference were being completed today in Lafayette as the first influx of visitors to the meeting began. Although the convention will not officially open until Sunday morning, diocesan directors of rural life from throughout the United States were arriving to attend their closed meetings scheduled for Friday and Saturday, November 21-22. Early visitors, eager to visit this picturesque section of southwest Louisiana before the convention activities start, also began to arrive.

"Convention deliberations and programs are not restricted to Catholics only," it was reiterated today by officials in Lafayette. "The general public is cordially invited to attend

any and all sessions," the officials pointed out. A Solemn Pontifical Mass at the Cathedral of St. John the Evangelist at 10 a. m. November 23 will mark the official opening of the convention. The Agricultural and Trade School addition to Holy Rosary Institute (colored) will be dedicated at 4 p. m. Sunday with a reception for His Eminence, Samuel Cardinal Strich, presiding prelate at the convention, scheduled for Sunday evening at 8

p. m. in the S. L. I. Men's Gym. Christian Family Day, Monday, will open with 9 a. m. Mass at the Cathedral of St. John. The Evangelist. Convention sessions will be at 10 a. m. and 1:30 p. m. Monday evening at 8 p. m. in S. L. I.'s Burke Hall auditorium a musical program will be presented by students of Loyola University of New Orleans and the College of the Sacred Heart in Grand Coteau. Tuesday, Priests' and Religious'

Dr. John Husband Speaker Before P.-T. A. Tuesday

"The School is Yours," was the subject of an interesting discussion by Dr. John Husband, Tulane University instructor, before the P.-T. A. on Tuesday afternoon of last week. The program was arranged in keeping with National Education Week. Dr. Husband flung a challenge to parents and Parent-Teacher organizations in regard to securing the best for children in the way of education, right sanitary conditions, comfortable surroundings and right heating and ventilation. "The School is Yours," Dr. Husband said, "but only in trust for your children," and it is the right and duty

of parents and P.-T. A.'s to see that the best is secured for children.

"Because I am of a rebellious nature I am an enemy to all school boards, school committees and all organized authority," he said, "and can be a friend to these agencies only when I see them operating for the direct benefit of children."

He scored the lethargic parents who fear to visit the school their children attend and take no part in correcting the wrongs they find in schools, and took a strike at fathers who fail to assume their part of the responsibility of their children's education leaving it all up to the mothers.

Dr. Husband assailed the present school system of America and said that while much had been done with

little to do with, yet a great deal can be done locally, in the state and nationally. "What is not being done is tragic compared to what is being done," he continued.

Parents work unenlightened and haphazardly, because they lack knowledge of what to do for their children and said that parents have on integral part in the schools and are not exercising their rights. There is a great lack of people desiring to enlist in the educational army Dr. Husband continued.

Some of the weak spokes in the wheel of American education the speaker attributed to low salaries for teachers, localities failing to interest themselves in securing pleasant surroundings for teachers and lack of social life for teachers when they are new and strange in the community. A town should recognize the teachers as being as important to the town as doctors, lawyers and other professionals.

Laying down some specific recommendations for teachers and PTAs Dr. Husband gave among them the following: Visit the school plant, not on show days but on work days; check on sanitary conditions, heat and ventilation; make recommendations for appointment of school trustees; work toward adequate salaries for teachers; use P.-T. A. funds for class room libraries and for the best equipment for school rooms and yards if other funds are not available.

In closing Dr. Husband said, "If we as parents had met the educational needs of our children there would not have been the second war and unless these educational needs are met there will be another war."

Dr. Husband is instructor in English in the English Department and an instructor in Education in the graduate school at Tulane University. He and Mrs. Husband are spending the winter in Bay St. Louis and have entered their son in Bay High school.

Nation Wide Recruiting Drive For National Guard In Mississippi

Jackson, Miss., November 16—Today marked the end of the nationwide recruiting drive to fill the ranks of the Mississippi National Guard.

Known throughout the United States as Operation 88,988 (the title being derived from the goal of one new enlistment per minute) the over-all drive was labeled a success by Brigadier General Wm. "Pat" Wilson.

Commenting briefly on Mississippi's part in the drive, General Wilson stated that accurate and final complete figures could not be quoted until the tabulation was complete for the State, but that as of the previous week's report, Mississippi had accomplished 75% of the quota of 915 new members.

Unit Commanders, members of their command and the general public in entirety were saluted in a statement by General Wilson to the effect that at no time during the history of the Guard has the program been met with such a responsive attitude and a willingness to cooperate.

Tolling of Church Bells To Be Feature of Radio Broadcast by Western Auto Circle Arrow Show

This nation's religious heritage as heralded by the tolling of the church bells of America is to become a unique feature of a national radio program. Beginning November 23, the Western Auto CIRCLE ARROW SHOW, heard over 5 NBC stations, will for the first time provide listeners the intensely human story of America's religious freedom through the melodic pealing of the nation's church bells. The CIRCLE ARROW SHOW is heard locally each Sunday at 9:30 a. m.

With the cooperation of various churches and their local NBC affiliate, actual transcriptions of church bells have been obtained and will be combined with historical sidelights on the church and its bells to provide a weekly series termed "Church Bells of America." This colorful new feature will also serve as an introduction to the singing of the most popular hymns of the church to be honored.

The opening broadcast will appropriately present the bells of the Calvary Episcopal Church of Pittsburgh. It was from this church that the first regularly scheduled radio church service was introduced on January 2, 1921, just two months after radio broadcasting began. Jimmie Leonard, the CIRCLE SHOW master of ceremonies, will describe this history-making event.

The December program will pause in observance of the beginning of World War II with the ringing of the famous St. John's Church Bells in Richmond, Virginia. It was in

this church that in 1775 Patrick Henry gave his historic cry, "Give me liberty or give me death!"

In other broadcasts the dramatic history of Texas will be symbolized by the historic bells of the San Fernando Cathedral in San Antonio; the story of the first Sunday school in America will unfold as the Christ Church of Savannah, Georgia, are and the bells of the First Presbyterian Church of Charlotte, North Carolina will retell the epic events of the War Between the States.

Other church bells already arranged for presentation are those of St. Paul's Protestant Church, Cleveland; Tulip Street Methodist Church, Nashville; Home Moravian Church, Winston-Salem, N. C.; Christ Episcopal Church, Raleigh, N. C.; First Baptist Church, Amarillo, Texas; First Presbyterian Church, Columbia, S. C.; St. Paul's Episcopal Church, Des Moines, Iowa; and Church of the Immaculate Conception, Lake Charles, La.

The church bells are selected impartially as to race or creed and the program will eventually feature bells from many other churches in the CIRCLE ARROW SHOW listening area.

Other features of the CIRCLE ARROW SHOW are the Sunday morning headline news; the famous Boone County Buccaneers, and the 12 Harmonaires, America's top Negro harmony group.

A Grand Vocation

By Brother Berchmans, S. C.

One of the most useful vocations to which a man can devote his life and talents is that of the religious teacher, who spends his energies in the service of God, his neighbor, and his country.

Pope Pius X, in his encyclicals, points out the tremendous value of religious training, placing it above writing in defense of religious truths, and showing how far it is superior to high-sounding discourses which receive the clamorous applause of thousands, but serve only to please the ear without having any permanent effect upon the heart. He reasons, too, that if relieving the physical needs of the poor is pleasing to God, as indeed it is, how much more pleasing in His sight is the work of bringing, not temporary benefits to the body, but eternal benefits to the soul. This is the great privilege of the religious teacher.

The religious teacher is among the greatest of patriots, for he renders a most valuable service to this country. What our country needs is not faster aeroplanes and more powerful bombs, but better men and women, citizens who live according to the principles of Christ. The religious teacher has the high privilege of helping to build such citizens.

Some forty years ago there lived in Italy two Mussolini boys, Arnoldo and Benito. Arnoldo was educated in a Catholic school Benito's "education" was obtained, for the most part, elsewhere. Arnoldo died a few years ago, a respected leader in his community, a pillar of the Church. Everyone knows how Benito died, how different might have been the history of Italy and the world had Benito been educated by religious teachers!

The Catholic Church has today some hundred thousand patriotic religious teachers, but thousands more are needed. "The harvest is great, but the laborers are few." If you have the qualifications, won't you consider this as a possible vocation for yourself? If you are not eligible for the calling yourself, won't you please "pray the Lord of the harvest that He send laborers into His harvest?"—From Brothers of the Sacred Heart, November, 1947.

Uncle Sam Says

What did the Secretary of the State say to the Banking Commissioner when they met in Cheyenne in 1937? "I'd like to find a plan to assure a comfortable retirement for myself and my family," said the Secretary of State. "Why don't you do what I am doing, buy Savings Bonds regularly out of income?" his friend replied. Today they have begun the second 10 years of their retirement plan. The then Secretary of State is now Governor Lester C. Hunt, and the former Bank Commissioner is the present director of Savings Bonds sales. You, too, can emulate their example. If you invest \$18.75 each month in a Series E Savings Bond of \$25 maturity value over a period of 20 years and hold ALL the bonds to maturity, you will receive an average yearly income of \$700 for the ten years following.

The Sea Coast Echo

City Echoes

—George Horton is on the sick list this week suffering from an attack of the flu.

—Eugene Mogabgab, Sr., and Percy Stone are on a cruise aboard the latter's boat.

—Miss Florence Finhold is back at her post in the Dickson Drug Store after a week's illness.

—Mr. and Mrs. Fred Fisher of New Orleans spent the past week end in Bay St. Louis and Pass Christian visiting friends.

—Mr. and Mrs. Gilbert Potter of New Orleans spent the past week end here as guests of Mr. and Mrs. Eugene Mogabgab.

—The work of rebuilding the John Bell home is progressing rapidly and the Bells hope to be occupying it within the next ten days.

—Misses Marilou Bourgeois and Mary O'Mellie have been added to the personnel of the Ramsey Department Store.

—Mrs. Townsend Wolfe has returned from a few days stay with her sister Mrs. Robert Morgan at Gautier.

—The many friends of Mrs. Clara Destor are glad to learn that she has been discharged from the hospital and is rapidly recuperating at her home.

—Mr. and Mrs. H. G. Williams and daughter and son spent Sunday here with friends. The Williams are now making their home in Picayune.

—Rev. and Mrs. Buffin Oliver announce the birth of a son at the Kings Daughters Hospital on Monday, November 17, at 7:30 p. m. Rev. Oliver is Pastor of the Main Street Methodist church.

—Mrs. Charles Benigno has returned from a week's stay at Hattiesburg where she attended training class for Service Representatives of the Southern Bell Telephone and Telegraph Company.

—Mr. and Mrs. L. E. Kenney were guests at Gulf Park College to attend the musical program, Sing Song, on Saturday evening, November 16, which was one of the outstanding events of the school for the year. Mr. and Mrs. Kenney's daughter, Irma is a student at Gulf Park. Claude Houston, who has a daughter at Gulf Park, flew from Houston, Texas, to be present at the musical event.

Attend State Southern Baptist Convention

—Mr. and Mrs. Frank Van Deventer, nee Miss Josie Olson, of Meridian, announce the birth of a son, Frank Karl, on Wednesday, November 12 in Meridian.

—Mr. and Mrs. Pete J. Brugetti left for their home in Fresno, Calif., on Monday, after spending part of their honeymoon, guests of Mr. and Mrs. Frank Trapani. Mr. Brugetti and Mr. Trapani were buddies in the 84th Recn. Troop, 84th Division, having served overseas in the second World War.

—Mrs. Leo Kenney was complimented on the occasion of her birthday on Monday, November 17 with a beautifully appointed luncheon given at Hotel Reed by her sisters. Those attending were Mrs. John W. Bryan, Mrs. J. V. Dugan, Mrs. Clemence Chadwick, Mrs. Hugh P. Burbank, Mrs. Donald S. Jewett, Mrs. Arthur De Fraites, Mrs. Nobby Dick and Miss Irma Kenney.

Rev. and Mrs. John T. Dearing and son David and Dr. T. B. Sellers left this week for Jackson to attend the State Southern Baptist Convention in session there. The Dearings will leave from Jackson after the convention for Pine Bluff, Arkansas, where they will spend two weeks visiting Mr. Dearing's parents and Mrs. Dearing's mother. Mr. Dearing is taking a delayed vacation which had to be postponed from August because of the work to be done on the church.

The Baptist church pulpit will be filled on Sunday, November 23 by Dr. C. Penrose St. Amant of the Baptist Theological Seminary who will preach at the 11 a. m. and 7:30 p. m. services.

Rev. O. B. Anderson will occupy the pulpit on Sunday, November 30

Womans Society Christian Service Met Tuesday

The Womans Society of Christian Service of the Methodist Church met on Tuesday at the home of Mrs. Jesse Gray for its regular monthly session. Preceding the business and program features Mrs. J. O. McCoy was complimented with a surprise household shower from the members of the organization.

Little Nancy Gray looking dainty in a white blouse and red skirt and red ribbon in her gold curls, presented Mrs. McCoy with a corsage made of wash cloths and tied with red ribbon from which dangled measuring spoons. Then Nancy brought in the wagon loaded with gifts for Mrs. McCoy who received them with deep feeling and appreciation.

The regular business of the meeting was then disposed of and the program was given. Mrs. Eugene Mogabgab gave the Devotional with Mesdames C. M. Shipp, Sam Whitfield, A. C. Enixios and Oliver Redford giving the Scripture in keeping with the topic "Let Us Search and Find Our Ways." The general topic "An Orderly World for Children" was discussed by Miss May H. Edwards who substituted for Mrs. H. J. Thompson who is ill.

—Against a drab background left by the recent hurricane is a rare beauty spot in the yard of Mr. and Mrs. A. B. Vassali where a semicircular Dogwood tree is brilliant with an almost solid mass of red leaves. On the many gray days so prevalent it startles one as they catch the brilliancy of this tree.

—After a short but enjoyable visit among friends, Mr. and Mrs. Ed Curdo of Chicago, Ill., left Bay St. Louis on Tuesday. These folks are no strangers as they are admirers of our coast and come south whenever possible. Mr. Curdo is an ardent fisherman and though his catches, this time did not measure up as his best, he is not discouraged and plans to return at an early date.

—Mr. and Mrs. Roger Boh and family left Wednesday for Annapolis where they will visit Roger Boh, Jr., who is attending the Naval Academy there. They will later go to New York for a short stay and from there to Philadelphia, Penn., to attend the Army-Navy game. They will be absent about two weeks.

—Mr. and Mrs. Arthur De Fraites have again taken up residence in Waveland and will occupy the old De Fraites home in Waveland Terrace. They have been living for the past several years in Biloxi where Mr. De Fraites, engineering architect, has been engaged in development of projects of some magnitude.

—The many friends of Mrs. H. J. Thompson are glad to know that she has been discharged from the Baptist Hospital and is now at the home of her son H. G. Thompson in McAllister Place. It is hoped that Mrs. Thompson will soon be home again.

Bay-Waveland Garden Club Meeting For November Held Last Thursday

Reports were heard from Mrs. Eugene Mogabgab, president of the Bay-Waveland Garden Club, at the November meeting, held Thursday afternoon at the home of Miss Louise A. Crawford. Mrs. Mogabgab reported on the meeting of the Mississippi Southern District of Federated Garden Clubs held at Meridian on Wednesday, November 12, and to which there were nine representatives from the local club and the Gulf Coast Council of Garden clubs held at Gulfport recently.

The program was given by Mrs. Mogabgab, who gave an exposition of the preparation of beds relative to soil and fertilization; Mrs. L. T. Boyd who gave a demonstration of an arrangement of pink Chrysanthemums for a table and a demonstration of an A-arrangement of yellow Chrysanthemums and displayed various kinds of flower holders.

Mrs. Max Kohler showed an arrangement of a centerpiece of fruits for a Thanksgiving table. The Year Books for 1948 were given out by the committee Mrs. Oliver Radford and Mrs. E. P. Kirkpatrick. The books are well organized and contain much information and are a neat piece of printing.

The hand painted design on the cover was done by Mrs. Oliver Radford.

At a beautifully arranged table, covered with a lace cloth, centered with a centerpiece of Rosa O'Montana made by Mrs. Nina Stillwell, and four silver candle holders holding lighted candles, Mrs. Leo W. Seal and Miss Elsie Spurl poured coffee and tea.

Assisting Miss Crawford in entertaining were Mrs. J. Roland Weston, Mrs. Thomas B. Sellers, Mrs. Nina Stillwell, Mrs. W. L. Reeder and Miss May H. Edwards.

Riechert Murderer On Trial In District Court in New Orleans

The trial of Robert Davis who shot and fatally wounded Highway Patrolman Cyril J. Riechert on Highway 90 between Rigolets and Chef Menteur is now being held in New Orleans before Judge Frank T. Ezchebal of the Criminal District Court.

Assistant District Attorney Guy Johnson is prosecuting.

Prof. Karl Hemmersbach Dies

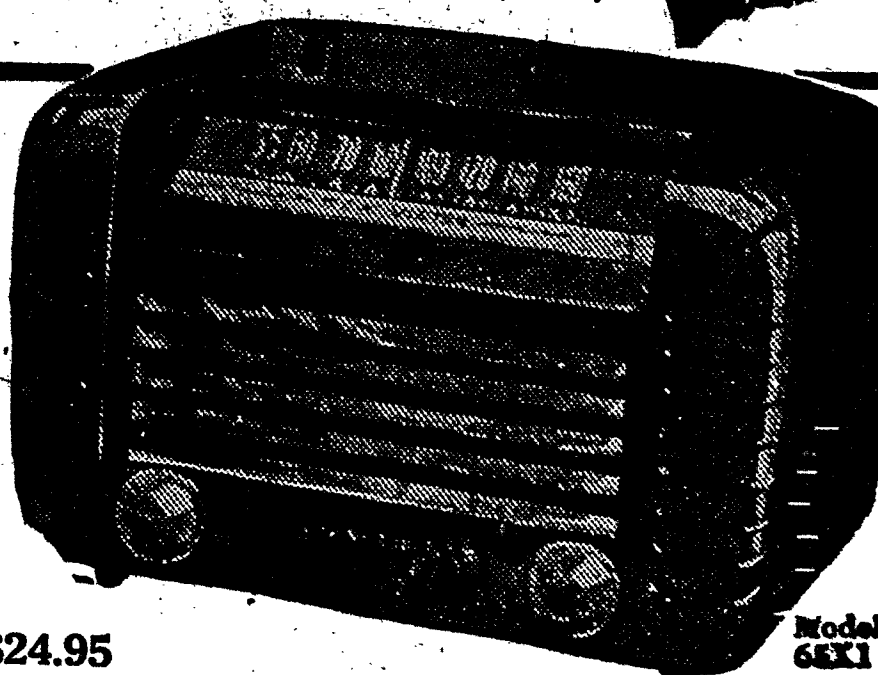

Professor Joseph Hemmersbach was appraised by wire on Sunday of the death in Chicago of his brother, Professor Karl Hemmersbach a former resident of Bay St. Louis, who taught music and directed the choir at St. Stanislaus and Our Lady of the Gulf Church. Professor Hemmersbach had been working with the Fathers of the Divine Word at Tech, Illinois, for some years.

Tigers Lose Homecoming Game To Long Beach

The Bay High Tigers were stunned by Long Beach last Friday night in their homecoming game when they lost by a score of 20-6.

Before one of the largest crowds of the season, the Tigers showed a weak defense against passes with Long Beach making all their scores via the aerial route.

The cubs won their third game of the season when they defeated the Ocean Springs Juniors 12-0 last Thursday afternoon. In their first game of the season the local Juniors lost a 7-6 decision to Pass Christian, but evened the score in a return engagement.

ARE YOU PAVING THE STREETS WITH GOLD?

HOW LONG SINCE YOU'VE HAD
A

Wheel Alignment and Steering Check Up.

It's easy to spot "Wobbly Wheels" on cars ahead or behind you on the road. But the only way to see if your wheels are "Wobbly" or in line is to bring your car to us for a scientific check up. Wear on spindle bushings and wheel bearings from every day abuse can throw your wheels out of alignment. This condition often causes abnormal tire wear and poor steering.

How long since you've had a wheel alignment and steering check up? OUR EXPERT CAN DO THE JOB QUICKLY.

Our mechanical department is fully equipped with John Bean Alignment Equipment and we are happy to announce that we have in our employ Mr. Martin Dubuisson who has had 12 years experience in wheel alignment work.
